## BOOK SYNOPSIS

"It makes perfect sense to publish a book called Moonwatch Only. The OMEGA Speedmaster Professional - the Moonwatch - has done things that no other timepiece has done and its been worn in places where only a few human beings have been." Captain Eugene Cernan, the last man on the Moon Initially designed for automobile racing teams and engineers, the Omega Speedmaster embarked on a very different trajectory when NASA chose it to accompany astronauts heading for the moon in 1965. Its involvement in the space adventure has propelled the Moonwatch to the top of the list of celebrated timepieces. After years of research and observation, the authors present a complete panorama of the Moonwatch in a systematic work that is both technical and attractive, making it the essential reference book for this legendary watch. "It is an indescribable reference work and a true must-have for every Speedmaster collector" Forbes "This book sets a new standard. Not only for books on the Omega Speedmaster, but for watch books in general. Ive never seen anything like it, and believe me I could fill an impressive sized wall with books on watches. Authors of other books or publishers should take a look at Moonwatch Only as well to see how it should be done." Fratello Watches

**MOONWATCH ONLY THE ULTIMATE OMEGA SPEEDMASTER GUIDE** - Are you looking for Ebook Moonwatch Only The Ultimate Omega Speedmaster Guide?
