BOOK SYNOPSIS

Revisit this beloved story of new love—and family!—from New York Times bestselling author Sherryl Woods. When Melanie D'Angelo arrived at Rose Cottage, she was only looking to mend her shattered heart and restore the beautiful house her grandmother once called home. The last thing she wanted was to become involved with her landscape designer! Mike Mikelewski couldn't deny his instant connection with the gorgeous Melanie, but the single dad already had a woman in his life—his adorable but troubled young daughter, Jessie. Even though Melanie made his heart pound—and Jessie smile—he wouldn't allow himself to take a chance on a love that was blossoming like the Rose Cottage garden. Or could the trio become the family that Jessie had always dreamed about? Book 1 of Rose Cottage Sisters. Previously published.
